Josephine Herrick,
Founder

Josephine Herrick Project

The Josephine Herrick Project is a 77-year old non-profit service organization that works with a range of local and national partners, including regional, city and community based organizations, schools, libraries, hospitals and social service agencies to provide free photography programs to vulnerable, under-represented and marginalized populations led by professional photographers.

For our students, the camera is a transformative tool for self-expression, community exploration and confidence building. They engage with the world through photography, tell their stories, and culminate their experience in the creation of photography books and exhibits.

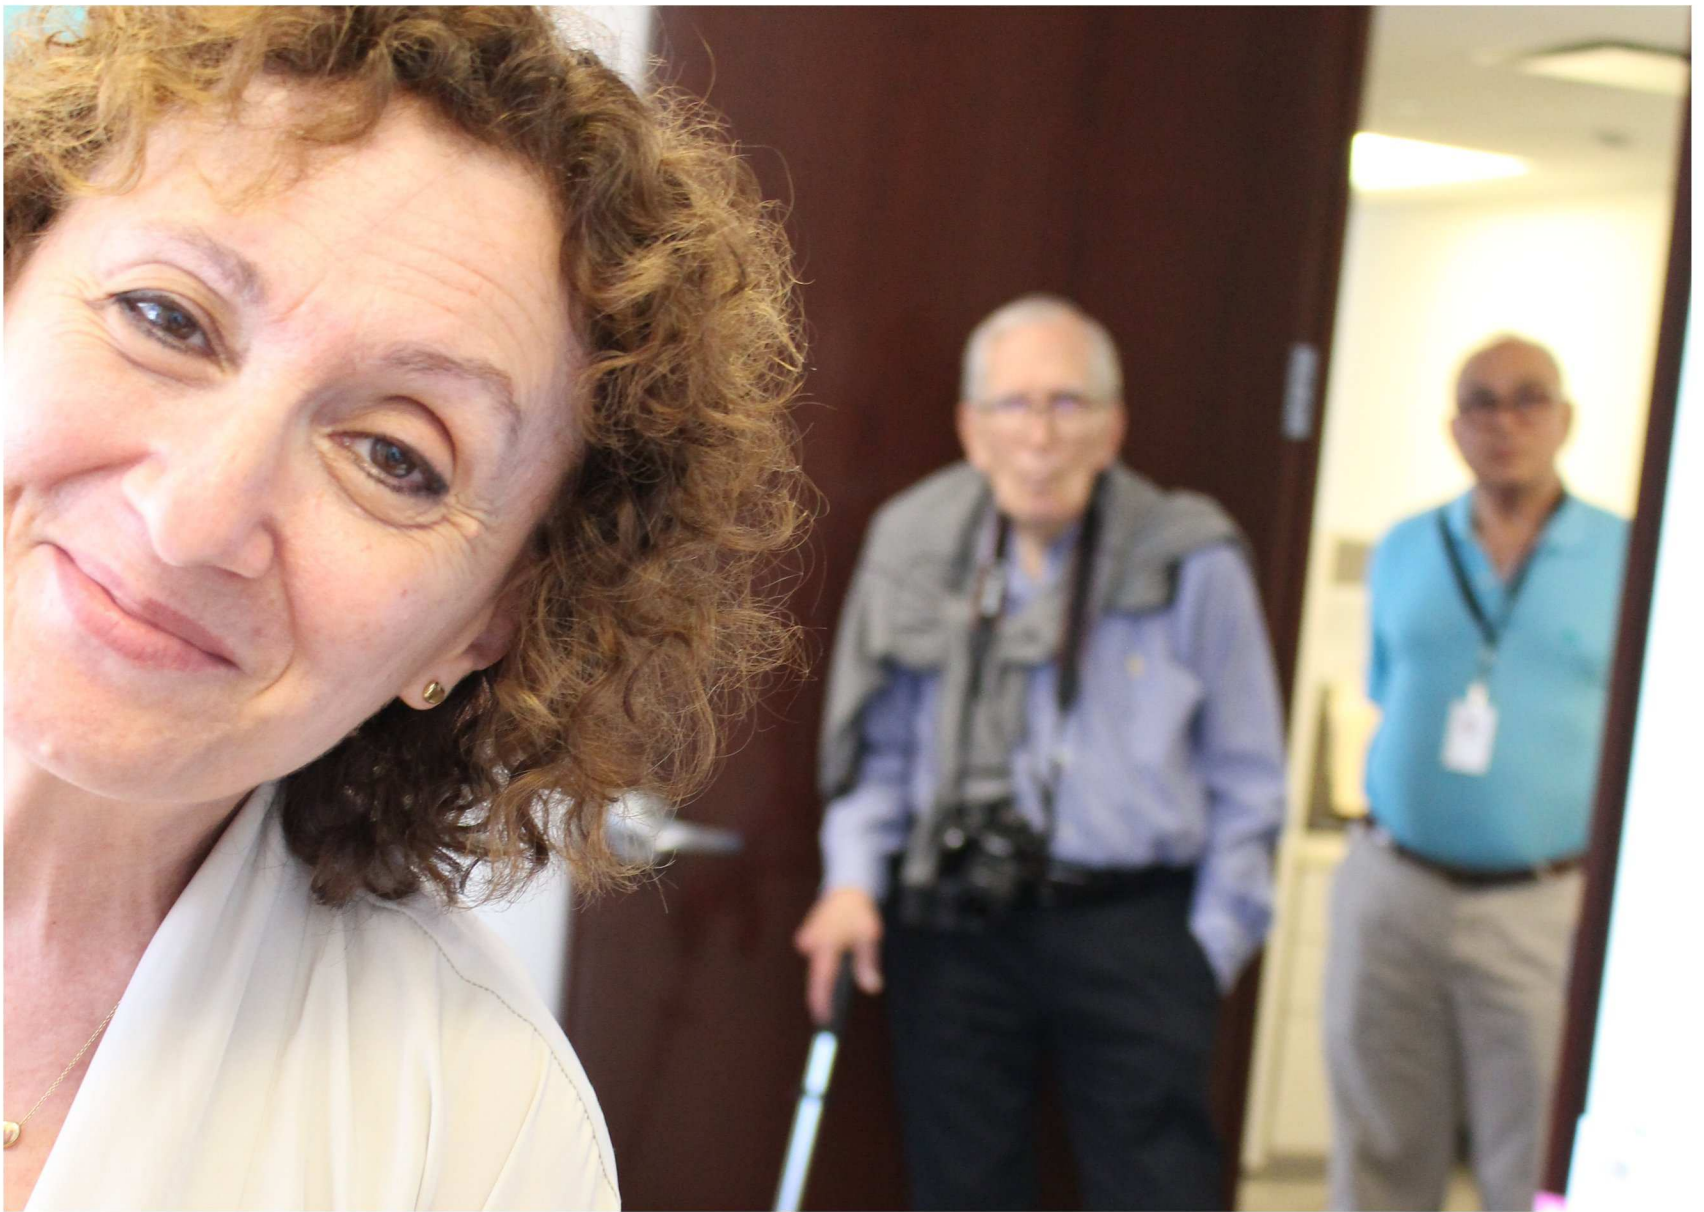

The Josephine Herrick Project is the proud winner of the Lucie Humanitarian Award 2017.

The Alzheimer's Association, NYC Chapter

The Alzheimer's Association is the leading voluntary health organization in Alzheimer's care, support and research. Their mission is to eliminate Alzheimer's disease through the advancement of research; to provide and enhance care and support for all affected; and to reduce the risk of dementia through the promotion of brain health.

The NYC Chapter offers free programs, support groups and online services for all those affected by Alzheimer's and other dementias. The Alzheimer's Association-NYC Chapter provides programs and services in Brooklyn, Bronx, Manhattan, Staten Island and Queens.

The Josephine Herrick Project and the NYC Chapter entered into partnership in Winter 2018 and piloted the first photography class in Spring 2018. With the support of JHP teaching artists, participants explored the theme of 'connection' with their cameras, and documented their connection to their lives, their friends and family, and to their neighborhoods. This book is a collection of those images.
