Josephine Herrick Project  
Flushing International High School  
Spring 2017

Josephine Herrick, Founder

## **Josephine Herrick Project**

The Josephine Herrick Project is a 76 year old non-profit service organization that works with a range of local and national partners, including regional, city and community based organizations, schools, libraries, hospitals and social service agencies to provide free photography programs to vulnerable, under-represented and marginalized populations led by professional photographers.

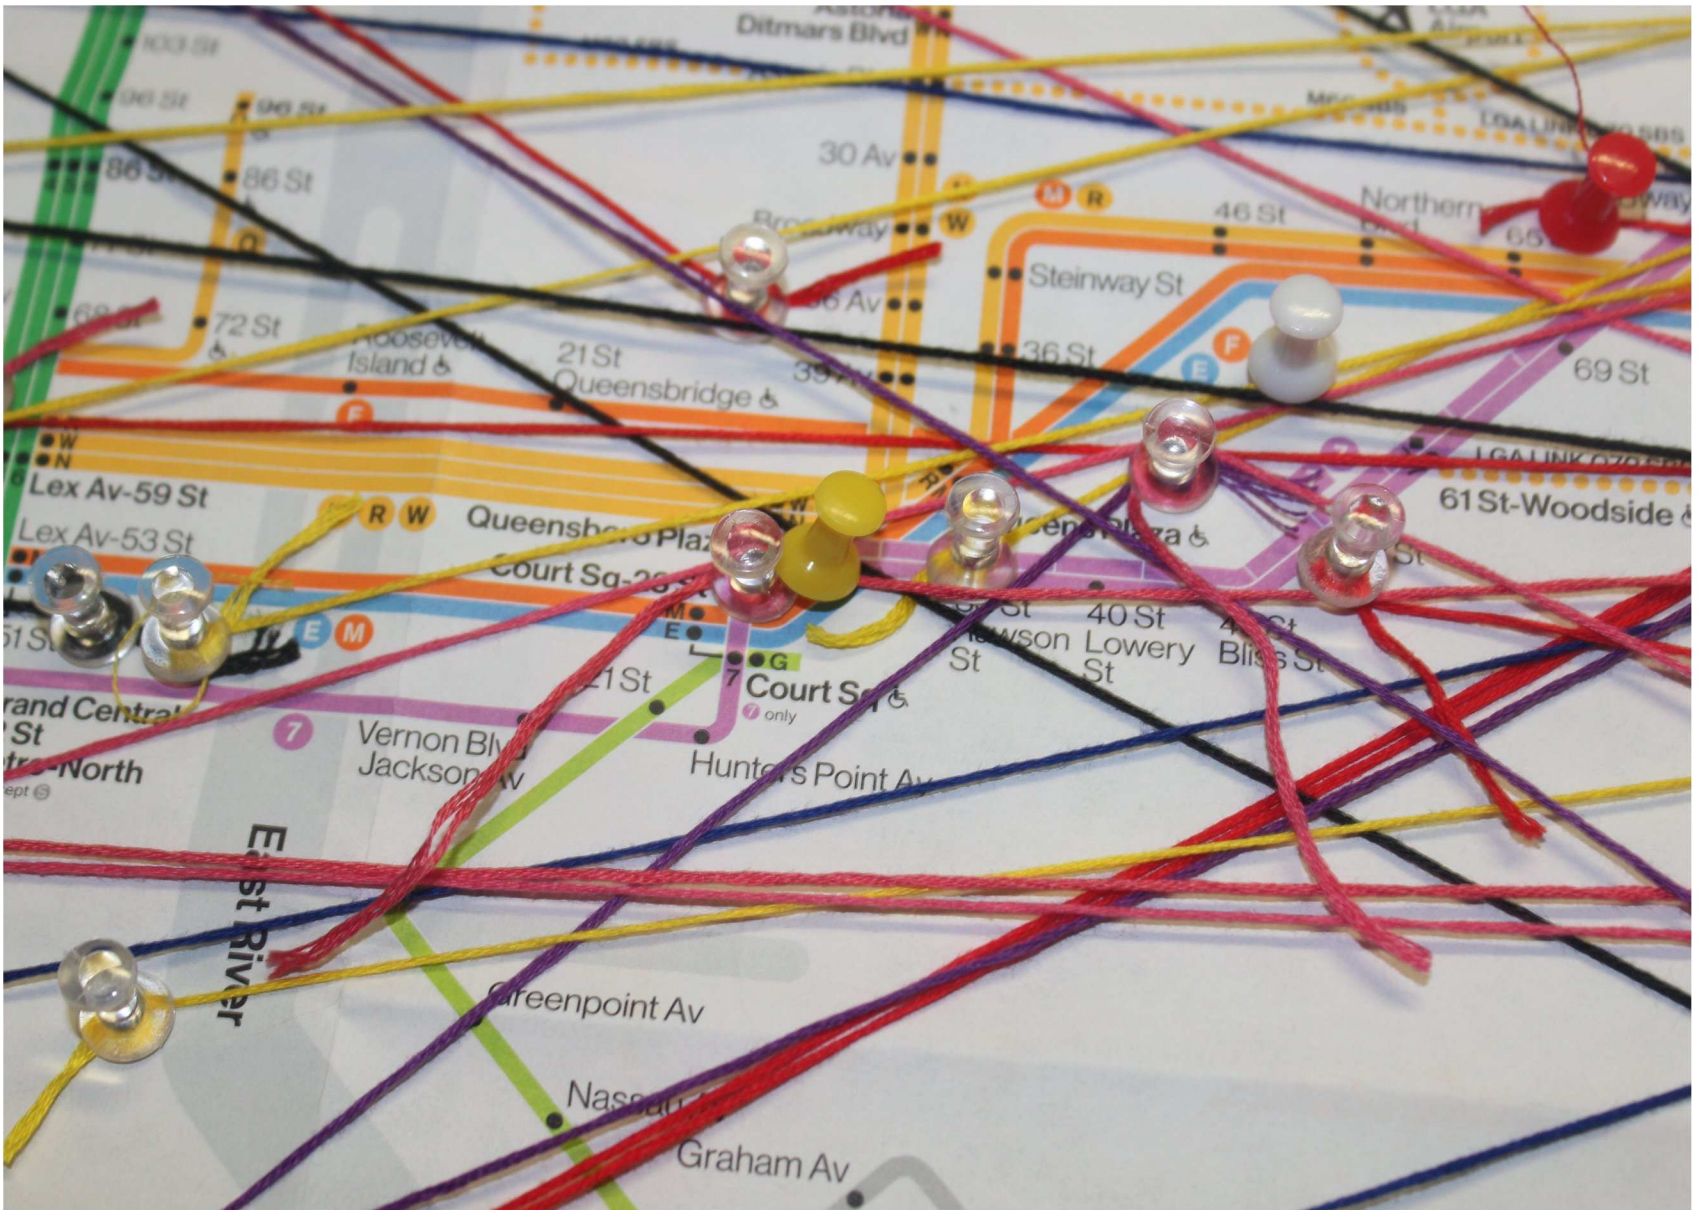

For our students, the camera is a transformative tool for self-expression, community exploration and confidence building. They engage with the world through photography, tell their stories, and culminate their experience in the creation of photography books and exhibits.

The Josephine Herrick Project is the proud winner of the Lucie Humanitarian Award 2017.

## Flushing International High School

The mission of Flushing International High School is to serve recent immigrants to the U.S. who are English Language Learners. The goal is to support each student to learn to read, write and communicate clearly in English, while maintaining their native language. Students learn critical analysis tools, examine real-world issues, and learn to advocate for themselves and for their community. The skills acquired help them become successful in school and in the workplace, as they integrate into their new home.
