Josephine Herrick,
Founder

Josephine Herrick Project

The Josephine Herrick Project is a 76 year old non-profit service organization that works with a range of local and national partners, including regional, city and community-based organizations, schools, libraries, hospitals and social service agencies to provide free photography programs to vulnerable, under-represented and marginalized populations led by professional photographers.

For our students, the camera is a transformative tool for self-expression, community exploration and confidence building. Students engage with the world through photography, tell their stories, and culminate their experience in the creation of photography exhibits and books.

The Josephine Herrick Project is the proud winner of the Lucie Humanitarian Award 2017.

White Plains Veteran Center

The vision of the Veterans Service Agency (VSA), in partnership with the Veterans Affairs both federal and state, as well as other county agencies and departments, is to provide all veterans and their dependents with the benefits they have earned; strengthen the county's economic base; engender the veterans and veterans organization trust; expand community outreach; and enhance the quality of life of the Westchester County veteran community.

The VSA serves veterans as an advocate for compensation, pension, education and training, vocational rehabilitation, and additional benefits for survivors, burial, and hospital care.

JHP would like to thank all White Plains Vet Center staff for their support and encouragement of the program.
